

# Nikolay Milenkov

## Visual Artist

### About me:

Outgoing, positive and adaptive are some of the best words that can describe me. I take every task seriously and work hard to achieve it with the best possible results. Very balanced, calm and patient, communicating with people is joy for me and I can confidently say that I have no trouble socializing and building comfort. I am energetic and motivated, always learning or/and working on new things.

### Skills:

Experimenting with a variety of digital craft methods and tools has enriched my knowledge to a high degree. Of course, I continue to learn and I stay aware of new technologies that may appear more effective and which would enable me to accomplish work on a whole new level. I have experience with photo and video editing, as well as digital sketching. At the same time, I consider myself competent regarding 3D modelling and sculpting, familiar with both hard surface and organic modeling workflows. Moreover, I can also work on the textures of my models. Rigging and animating are another processes that I have practice, although there is still a lot of room for improvement. My goal for the future is to continue improving my skills and further excel in the world of visual arts!

### Social Activities:

I have always enjoyed social activities and due to this reason I have been involved or attended numerous social event, with variety of purposes. I have participated in the annual Fasching Festival of my school, have been to event organized by Sofia University "St. Kliment Ohridski" and Sofia University of National and World Economy on topics such as Marketing, Business, Organization and Leadership (even help popularizing their events among younger students) and massive events, such as "Infinity Man Summit". I am part of the Bulgarian Youth Forum and I am currently mentor at the course "3D Modeling and Sculpting" part of BYF Juniors Academy. This is just part of the many social activities I have had the chance to take part and I hope in the future to keep attending and organizing interesting and useful events.

### Education:

**2013-2018:** 91. Deutschsprachiges Gymnasium
